DIRECTOR'S NOTE

Crimes of the Heart was awarded the Pulitzer Prize for drama in 1996 for good reason. In it, Beth Henley tells a very American story about coming to grips with your past in order to move on with your future. Set in a small town in the South, the play examines the themes of family, love, and identity in a moving, yet often amusing way....much the same way that life affects each of us from time to time. Who hasn't had the moment when you think you've reached the bottom of what you can stand only to find something funny in the next instant? As Babe says in Act 3, "I'm not so alone." Please enjoy the show and remember those people in your life, whether they be family or friends, who help you to deal with the low points and enjoy your own "celebration of being born" so that you are not so alone.

J. Rahe
